

How To Become A Member

- 1) Go to our Private website, www.HealthGems.com.
- 2) Since a correctly completed Private Membership Form must be mailed in along with your Product Order and check or money order **before** we can communicate with you about our products, go to the top left-hand column of our website and click on, "Membership Form".
- 3) Create a Completed Form:
 - a. Print out, fill out (with your full lawful name), sign your full lawful name with an **original signature**, and date your Health Gems© Private Membership Form.
 - b. Private referrals are required to become a member, so record on your form under "How did you hear about us?" both first and last name of whom privately referred you to us.
- 4) All information from Health Gems© to you is strictly for entertainment purposes only.
- 5) For entertainment on our products, please read our very detailed flyers and articles, which are private, confidential, copyrighted, protected from disclosure, for entertainment purposes only, and, are only snail mailed with Product Orders.
- 6) Please consult an appropriate healthcare practitioner for consultative questions, which are complex since they pertain to a member's unique situation. We do suggest our members re-read our private, copyrighted flyers and articles regularly in order to truly understand and embody their groundbreaking entertainment; however, said entertainment does not replace an appropriate healthcare practitioner.
- 7) If you already obtained a Health Gems© product from another Private Member, that member is solely responsible for providing product entertainment to you.
- 8) To place a Product Order, go to the top left-hand column of our website and click on "Products" in order to peruse our products.
